**Subject:** Golden Parachutes To Freddy Mac and Fannie Mae CEO's

It would add insult to injury to allow these ridiculous agreements made with the CEO's of Freddy Mac and Fannie Mae to be honored after these CEO's brought these two institutions down. It's would be an insult to the taxpayers and a violation of their rights not to to block excessive severance payments to executives leaving Fannie Mae or Freddie Mac. We, the taxpayers and voters hope that you will do your job to make sure that these ridiculous agreements are voided.

Congress gave regulators the power to step in and rescue the companies, it also granted the power to block any severance payments to CEOs.

Thank You,

George
