Subject: Comments regarding RIN 2590-AA42

I'm writing because my family and I were affected by the economic collapse of 2008, and we don't want it to happen again.

What this nation needs to to is:

Nationalize the FED and return the responsibility for creating money and regulating its value to the Congress of the U.S. as stipulated in the Constitution. Repeal the Federal Reserve Act and scrap this economy of debt. Send the Banksters to Gamblers

Anonymous and prison.

Reinstate Glass-Steagal and other effective regulation of the past.

Thank you for considering my comment,
