Comment: PACE programs are no threat to FHFA. The purpose of FHFA is to foster American home ownership. Pace programs will add value to the home and protect they FHFA investment. But Bigger than that, the FHFA should be about supporting what home owners want. PACE is an opt in way home owners can add value to their home by doing energy saving or energy generating projects. This helps our cultural transformation to cleaner sources of energy and conserving the use of dirty energy. If you do not support Pace programs you will loose political support for your very existence. After govt subsidies to keep u alive after years of poor judgement, Pace program support can begin your crawl to repectability.
