

## February 2023 Highlights - Foreclosure Prevention

## The Enterprises' Foreclosure Prevention Actions:

- The Enterprises completed 19,027 foreclosure prevention actions in February, bringing the total to $6,751,437$ since the start of the conservatorships in September 2008. Approximately 39 percent of these actions have been permanent loan modifications.
- There were 4,813 permanent loan modifications in February, bringing the total to 2,635,180 since the conservatorships began in September 2008.
- Approximately 73 percent of loan modifications in February involved extend term only. Modifications with principal forbearance accounted for 16 percent of all loan modifications during the month.
- The number of borrowers who received payment deferrals after completing a COVID19 related forbearance plan increased 3 percent from 9,020 in January to 9,308 in February 2023.
- Initiated forbearance plans decreased from 12,776 in January to 11,183 in February 2023. The total number of loans in forbearance also decreased from 76,963 at the end of January to 70,637 at the end of February, representing approximately 0.23 percent of the total loans serviced and 13 percent of the total delinquent loans.

## The Enterprises' Mortgage Performance:

- The 30-59 days delinquency rate increased to 0.94 percent while the serious delinquency rate declined to 0.63 percent at the end of February.

## The Enterprises' Foreclosures:

- Third-party and foreclosure sales decreased 14 percent to 1,150 while foreclosure starts increased 5 percent to 6,710 in February.

## February 2023 Highlights - Refinance Activities

- Total refinance volume decreased in February 2023 as mortgage rates decreased from the October peak of 6.90 percent but remained high compared to the levels observed earlier in 2022. Mortgage rates fell in February: the average interest rate on a 30 -year fixed rate mortgage decreased to 6.26 percent from a January level of 6.27 percent.
- The percentage of borrowers refinancing into shorter term 15 -year mortgages increased but remained in the range of 11 percent in February. The average interest rate savings of a 15 -year mortgage over a 30 -year mortgage has been higher in 2022 and 2023 compared to previous years. However, over this period, the higher monthly cost of a 15 -year mortgage compared to the greater affordability of a 30 -year mortgage

## Forbearance Plans Inventory

The total number of loans in forbearance plans decreased in February but remained elevated compared with pre-pandemic levels. As of February 28, 2023, there were 70,637 loans in forbearance, representing approximately 0.23 percent of the Enterprises single-family conventional book of business, down from 76,963 or 0.25 percent at the end of January. Approximately 3 percent of these loans have been in forbearance for more than 12 months.

* See page 10 for data on forbearance plans initiated and completed during the month and pages 15-17 for forbearance plans inventory by state.

${ }^{1}$ Consists of Guam, Puerto Rico, Virgin Islands and other loans for which data are not available.

Total refinance volume decreased in February 2023 as mortgage rates decreased from the October peak of 6.90 percent but remained high compared to the levels observed earlier in 2022. Mortgage rates fell in February: the average interest rate on a 30-year fixed rate mortgage decreased to 6.26 percent from a January level of 6.27 percent.

Mortgage Rates vs Refinance Volume

Source: FHFA (Fannie Mae and Freddie Mac)

A - Treasury rates fell, amid a global flight to the safety of government debt, in response to the U.K. Brexit vote to leave the European Union.

B - Mortgage rates rose in November and December 2016 amid expectations of a rate hike by the Federal Reserve. The Federal Reserve raised the target federal funds rate to $0.75 \%$ on $12 / 14 / 16$ in response to a strengthening economy.

C - Mortgage rates trended downward in 2017, as investors cheered the Federal Reserve enacted steady path to normalize its benchmark rate: The target Federal Funds
rate was raised to $1 \%$ on March 16, $1.25 \%$ on June 15, and $1.5 \%$ on December 14.

D - Mortgage rates peaked in 2018, as the target Federal Funds rate was incrementally raised quarterly to $1.75 \%, 2 \%, 2.25 \%$ and $2.5 \%$, with the Federal Reserve projecting a continued steady growth of the US economy in 2018.

E - Mortgage rates trended downward in 2019 amid the growing effects of a China-US trade war on international trade slowing economic expansion.

F - Mortgage rates continued to fall in 2020, as the target Federal Funds rate was cut to near zero levels in response to reduced economic activity driven by the COVID-19 pandemic.

G - Mortgage rates rose above 3 percent in March, for the first time since July 2020.

H - Mortgage rates rose above 3 percent in the fourth quarter amid concerns of inflation.

I- Mortgage rates continued to rise amid a series of increases to the target Federal Funds rate in response to continued signs of inflation.

The percentage of cash-out refinances decreased to 70 percent in February. Higher mortgage rates have reduced the opportunities for non cash-out borrowers to refinance at lower rates and lower their monthly payments.

Percentage of Cash-out Refinances vs Mortgage Rates

Source: FHFA (Fannie Mae and Freddie Mac). Mortgage rates are from the Freddie Mac Primary Mortgage Market Survey, monthly average, from the Freddie Mac website.

The percentage of borrowers refinancing into shorter term 15-year mortgages increased but remained in the range of 11 percent in February. The average interest rate savings of a 15-year mortgage over a 30-year mortgage has been higher in 2022 and 2023 compared to previous years. However, over this period, the higher monthly cost of a 15 -year mortgage compared to the greater affordability of a 30 -year mortgage has limited borrower interest in the 15 -year mortgage due to rising mortgage rates.

## Percentage of Refinances into 15-Year Mortgages vs The Difference Between 15- and 30-Year Fixed Rate Mortgages

Notes:
Total Refinances

- Freddie Mac Total Refinances include Long Term Standby (LTSB)

## Glossary

## Section 1: Mortgage Performance

Total Loans Serviced - Total conventional active book of business, excluding loans that were liquidated during the month.
Current and Performing - Loans that are making timely payments and are 0 months delinquent as of the reporting month.
Total Delinquent Loans - Loans that are at least one payment past due, i.e., total servicing minus current and performing.
30-59 Days Delinquent - Includes loans that are only one payment delinquent.
60-89 Days Delinquent - Includes loans that are only two payments delinquent.
60-plus-days Delinquent - Loans that are two or more payments delinquent, including loans in relief, in the process of foreclosure, or in the process of bankruptcy, i.e., total servicing minus current and performing, and 30 to 59 days delinquent loans. Our calculation may exclude loans in bankruptcy process that are less than 60 days delinquent.
Serious Delinquency - All loans in the process of foreclosure plus loans that are three or more payments delinquent (including loans in the process of bankruptcy).
In Bankruptcy - Loans in the process of bankruptcy; includes all delinquency status.

## Section 2: Completed Foreclosure Prevention Actions

Home Retention Actions - Repayment plans, forbearance plans, charge-offs in lieu of foreclosure, Home Saver Advances, and loan modifications. Home retention actions allow borrowers to retain ownership/occupancy of their homes while attempting to return loans to current and performing status.
Repayment Plans - An agreement between the servicer and a borrower that gives the borrower a defined period of time to reinstate the mortgage by paying normal regular payments plus an additional agreed upon amount in repayment of the delinquency.
Forbearance Plans - An agreement between the servicer and the borrower (or estate) to reduce or suspend monthly payments for a defined period of time after which borrower resumes regular monthly payments and pays additional money toward the delinquency to bring the account current or works with the servicer to identify a permanent solution, such as loan modification or short sale, to address the delinquency.
Charge-offs-in-lieu of Foreclosure - A delinquent loan for which collection efforts or legal actions against the borrower are agreed to be not in the Enterprises' best interests (because of reduced property value, a low outstanding mortgage balance, or presence of certain environmental hazards). The servicer charges off the mortgage debt rather than completing foreclosure and taking the property title. The borrower retains the property. The unpaid mortgage balance becomes a lien on the borrower's property, which must be satisfied when the borrower transfers ownership.
HomeSaver Advance (Fannie Mae) - An unsecured personal loan to a qualified borrower to cure his or her payment defaults under a mortgage loan the Enterprises own or guarantee. The borrower must be able to resume regular monthly payments on his or her mortgage. The program ended in 2010.

Loan Modifications - Number of modified, renegotiated, or restructured loans, regardless of performance-to-date under the plan during the month. Terms of the contract between the borrower and the lender are altered with the aim of curing the delinquency ( 30 days or more past due).
Payment Deferral - A home retention workout option that defers past-due principal and interest payments (and amounts advanced if applicable) as a non-interest bearing balance, due and payable at maturity of the mortgage loan, or earlier upon the sale or transfer of the property, refinance of the mortgage loan, or payoff of the interest-bearing UPB.
Nonforeclosure-Home Forfeiture Actions- Short sales and deeds-in-lieu of foreclosure. These actions require borrowers to give up their homes. Although homes are forfeited, foreclosure alternatives generally have less adverse impact on borrowers and their credit reports than foreclosure.
Short Sales - A short sale (also called a preforeclosure sale) is the sale of a mortgaged property at a price that nets less than the total amount due on the mortgage (e.g., the sum of the unpaid principal balance, accrued interest, advanced escrows, late fees, and delinquency charges.) The servicer and borrower negotiate payment of the difference between the net sales price and the total amount due on the mortgage.
Deed(s)-in-lieu of Foreclosure - A loan for which the borrower voluntarily conveys the property to the lender to avoid a foreclosure proceeding.

## Section 3: Loan Modifications

Increase - Principal and interest after modification is higher than before the modification. No Increase - Original principal and interest is unchanged after the modifications.
Decrease $\mathbf{< = \mathbf { 2 0 } \%}$ - Original principal and interest is decreased by 20 percent or less after modification.
Decrease $\mathbf{> 2 0 \%}$ - Original principal and interest is decreased by more than 20 percent after modification.
Extend Term Only - Remaining term of the loan is longer after modification.
Reduce Rate Only - Loan's rate is lower after modification.
Reduce Rate and Extend Term - Loan's rate reduced and term extended.
Reduce Rate, Extend Term, and Forbear Principal - Modification includes term extension, rate reduction, and forbearance of principal.
Other - A modification that does not fit in any of the above categories. The majority of these loans are capitalized modifications.

## Section 4: Third-party Sales and Foreclosures

Third-party Sales - A third party entity purchases the property at the foreclosure sale/auction above the initial bid set forth by Fannie Mae or Freddie Mac.
Foreclosure Starts - The total number of loans referred to an attorney to initiate the legal process of foreclosure during the month. These are loans measured as not being in foreclosure in the previous month but referred to foreclosure in the current month.
Foreclosure Sales - The number of loans that went to foreclosure (sheriff's) sale during the month.

[^0]:    ${ }^{1}$ Includes loans with missing delinquency status.
    ${ }^{2}$ Includes loans with missing MTMLTV data.
    ${ }^{3}$ May include principal forgiveness and deferred payment modifications.

[^1]:    ${ }^{1}$ Consists of Guam, Puerto Rico, Virgin Islands and other loans for which data are not available.

[^2]:    ${ }^{1}$ Consists of Guam, Puerto Rico, Virgin Islands and other loans for which data are not available.
