FHLBI.GIVES User Guide – Submitting an Application

Note: This is the process for sponsors. The member review process begins on page 14.

Section 1 – Getting Started

Using the Home Page

The Home Page is your central location to view pending tasks, create new applications, receive messages from FHLBank Indianapolis, and examine details of your existing portfolio of projects. There are a few key areas described in this user guide that will assist you in using the FHLBI.GIVES platform.

- My Tasks Shows items that require action from you.
- Create New Application Allows you to create a new rental or homeownership application, continue an application, and check the status of a pending application.
- Message Board Shows you messages from FHLBank Indianapolis.
- My Projects Provides an overview of existing awards, the total number of units associated with those awards, the total amount of AHP dollars awarded, amount of AHP dollars left to disburse, and total development costs of your AHP portfolio of projects.

Section 2 – Starting an Application and General Information

From the Home page you will create a new application by selecting either the Rental or Ownership link.

Once you have selected an application to complete you will be directed to the General Information tab. This section of the application consists of basic information about your project, the makeup of your development team, and details about your partner member financial institution. Please fill out each section completely. Any question with a ***red asterisk** next to it requires an answer and will not allow you to move on without answering the question.

			SAVE	SAVE & CONTINUE				

There are a few key areas to describe that you will see in each section of the application and will assist you in your submission.

- Prev/Next These buttons at the top right allow you to navigate through completed subsections of the application section you are working on.
- Attach Document The icon is highlighted in red on the right side of the screen and allows you to attach supporting documentation to validate your answers.
- Explain/View Variance The icon is highlighted in yellow on the right side of the screen and allows you to view and respond to instances where the application is outside of FHLBank Indianapolis feasibility guidelines.
- Check/View Score The icon is highlighted in blue on the right side of the screen and allows you to view your score at any time as you progress through the application.
- The tool bar on the far-left hand side of the screen allows you to go back and view/edit sections of the application that you have completed and saved (General Information, Project Targeting, Building Information, Financial Feasibility, Scoring Criteria, FHFA Questionnaire, Review & Finalize).
- + Add New Allows to input project location information, development team members, etc.
- Save, Save & Continue, and Exit Application Buttons are located at the bottom of the screen. The save button allows you to save your work and continue later. The save & continue button allows you to save work and continue to the next section.

The exit application link allows you to leave the application without saving. Please note the system will not allow you to move on until you have selected one of the options.

In the development team section, the sponsor organization name and contact information will automatically populate based on your log-in as the sponsor entity and contact information provided when you registered as a user.

In the member details section, only the name of an eligible member financial institution can be entered. The address details and contact will populate automatically upon entering the name of an eligible member financial institution.

Section 3 – Project Targeting

The rent targeting section allows you to enter the project unit mix by bedroom size. A few things to note here:

- + Add New button will be used for each unit type being added to the project.
- You will enter the unit type (efficiency, 1, 2, 3, 4+), number of units associated with each unit type, and the income/rent targeting bucket they fall in.
- The max rent will automatically populate based on the project county entered in the general information section of the application and unit type specified.
- Based on the unit mix entered in the rent targeting section the income targeting commitments will automatically populate.

		Exit Application		

The project units section allows you to enter resident information related to currently occupied developments. At application submission this would only apply to projects involving the rehab of existing occupied units. If doing acquisition, new construction and/or rehab of non-occupied units, you can move onto the next section.

If this section does apply to your project, there are two different ways you could approach this. The first way is to enter your resident information in an outside Excel document and then use the Import from Excel button to import that data into the system.

The other approach is to click on the + Add New button and then input the requested information about the resident/unit. Be sure to save after entering data for each individual unit. If entering data manually through the system, when you are finished, you can use the Export to Excel button to Export that data into an outside report.

This section of the application allows you to enter details about the building(s) in your project as well as expected development timelines. When entering your project schedule be mindful of the FHLBank Indianapolis disbursement and completion deadlines as outlined in the Implementation Plan.

Section 5 – Financial Feasibility

Funder Name			Construction Funding Amount	Action		
The National Bank of Indianapolis			\$10,000,000.00			
		Total Cons	struction Funding Amount \$10,000,000.00			
ermanent Funding Source						
			(ADD MEMBER FUNDING SOURCE ADD	OTHER FUNDIN	IG SOURCE
ource Name	Funding Type	Status	Description	Funding Amount	Act	ion
HLB Indianapolis	Direct Subsidy			\$500,000.00		
he National Bank of Indianapolis	Loan	Approved	Mortgage Financing	\$5,000,000.00		
HTC Equity	Equity	Requested	Low Income Housing Tax Credits (LIHTC)	\$6,500,000.00		
P Capital/Owner Equity	Equity	Approved	Owner's Equity	\$250,000.00		
eferred Developer Fee	Equity	Approved	Other nonbank Permanent Financing	\$250,000.00		1

This section of the application consists of the financial details of your project including sources of funds, uses of funds, and your 15-year operating proforma. There are a few key areas to describe that will assist you in completing this section.

- To add a new construction funding source of funds you will click the + Add New button, enter the requested data, and then hit save.
- To add a new member financial institution permanent source of funds you will click the Add Member Funding Source button, enter the requested data, and then his save.
- To add a new non-member permanent source of funds you will click the Add Other Funding Source button, enter the requested data, and then hit save.
- If you select a funding source type as a loan, be prepared to provide the loan details.
- After entering a funding source, you can later edit it by using the blue pencil icon under the Action heading.
- After entering a fund source, you can later delete it by using the red trash can icon under the Action heading.

When completing your proforma the total yearly rents (line 2) will not populate until the entire proforma has been filled out and saved. The total yearly rents will then populate based on the total monthly rent found on line 42. The total monthly rent populates automatically from the monthly rent by unit type totals in the project targeting section of the application.

The annual increase column is related to the inflation factors which can be anywhere from 0 to 9. The Year 1 column is where you'll be entering your income/expense figures and the inflation factors will populate automatically from there.

The Export button at the bottom of the page allows you to export the data to an outside Excel report that will enable you to view the entire 15-year operating proforma.

Section 6 – Scoring Criteria

Donated Property	Category Name:Member Involvement	
 Non-Profit Sponsorship 	Guidelines	Maximum Points: 8
✓ Targeting		
Underserved Communities		
✓ Housing for Homeless	Question Description	Response
Special Needs Rural Housing Opportunity Targeting	Is the Member the primary/lead lender for permanent or construction financing?	No Yes
 Economic Opportunity 	Project total housing development costs.	13167500
Community Stability		
District Priority	Financial donation to the Project	0
✓ Member Involvement		
Desirable Site Initiatives Readiness to Proceed	Investor in Low Income Housing Tax Credits, New Market Tax Credits, Historic Tax Credits, or other similar tax credit programs *	No Yes
 Rent Subsidy AHP Subsidy per Unit 	Permanent financing (>5%)	No Yes
	Intermediate or short-term financing to the project (construction loan, bridge loan, line of credit or letter of credit). The line of credit cannot be for operating support of the sponsor.	No Yes
	SAVE SAVE & C	International

The scoring criteria section will include all scoring criteria as outlined in the Implementation Plan. There are a few key areas to describe that you will assist you in completing this section.

- If you click on the blue guidelines link a help box will appear detailing criteria that must be met to be considered for points in that scoring initiative. However, always remember to review the Implementation Plan for complete details regarding the scoring criteria.
- Answers will consist of a combination of yes/no boxes, check boxes, narrative sections, and/or data that may pull from other areas of the application such as with targeting.
- The maximum points you may obtain in the applicable scoring initiative is also listed. Once you have completed a scoring initiative section, hit save to move onto the next section.

Next, we will discuss a critically important component of the application, the red Attach Document link found on the right side of each section of the application. This link allows you to upload documentation that will support your request for points in the application, verify funding commitments, validate the market demand for your project, and so much more.

Section 7 – Attach Document

pplication Nu	umber: 001-2022D Project Na	me: The Lofts at IMS	Project Type: Rental				
t of docume	nts		Document Name :	Exhibit 1 - Basic Information			
onsor Docur	ments	~	Document Name	Attached Date	Status	Decision By	Action
Ł	Exhibit 1 - Basic Information			,	lo Data Found		
	Exhibit 2 - Development Team						
	Exhibit 3 - Project Targeting						
	Exhibit 4 - Building Details	Ø					
	Exhibit 5 - Project Schedule	Ø					
	Exhibit 6 - Project Finances	Ø					
	Exhibit 7 - Scoring Criteria	Ø		Drag and	l drop your files here.		
			CLOSE				

Once you have clicked on the red Attach Document link the above screen will pop-up. To upload a document, you will simply click on the paper clip icon next to the exhibit page you are wanting to upload to. Use either the drag or drop function or click the choose file button to select a document. You will then click on the Upload button and your document will be uploaded to the system. If the document has successfully uploaded a pop-up message will appear notifying you of this. In addition, you will see the document under the document name heading and the exhibit(s) where you have uploaded documents will be highlighted in green.

Be sure to follow the instructions in the implementation plan, scoring guidelines on the website and within the Implementation Plan, and directives from AHP staff on what supporting documentation to include in your application. Failure to include the appropriate supporting documentation may result in the loss of points or ineligibility of the project.

Section 8 – Check/View Score

To view your application score you'll select the blue Check/View Score icon on the right-hand side of the screen. A running total of your score will be kept as you proceed through the application and can be viewed at any time. As seen above, the score sheet will reflect the maximum points available in each scoring category and in total and the points you have requested.

Section 9 – FHFA Questionnaire

The FHFA Questionnaire requires you to answer regulatory questions about your project. All questions must be answered with a yes or no before proceeding. Your selected answer will be highlighted in green.

Section 10 – Explain/View Variance and Review & Finalize

Application Details					
Application Number:	001-2022D	Project Name:	The Lofts at IMS		
Sponsor Name:	John H. Boner Community Center	Member Bank Name:	The National Bank of Indianapolis		
Sponsor Contact:	Mike Recker, 2236 E. 10th Street, Indianapolis, IN - 46201, mrrecker@fhbl.com	Member Bank Contact:	107 N. Pennsylvania St., Suite 700, Indianapolis, IN - 46204,

1. Provide Explanation(s) for 2. Approve Certification	/arlance(s) By clicking Send to Member Bank, Sponsors agrees that the fo	regoing information is correct and agrees to be bound by th	e foregoing Affordable Housing Program Application	n.	
CERTIFICATION PRINT APPLICATION SEND TO MEMBER BANK					

Congratulations! You have reached the end of the application. However, before wrapping up there are a few important steps that need to be followed.

You will notice under the Incomplete Application Details – Must Correct Before Submission heading two red warning messages appear. In this example the first one is to "Provide Explanation(s) for Variance(s)." The second message is "Approve Certification." All warning messages must be addressed before sending the application to the member.

We'll start with the first warning message which is tied to the orange Explain/View Variance icon on the righthand side of the screen. If your project falls outside of any of the FHLBank Indianapolis feasibility guidelines the variance warning message will flag. To address these items, you can either select the warning message itself or click on the orange Explain/View Variance message. This will take you to the following screen:

Variance *			
Validation Items			
Validation Item	Explanation		
Expected First Disbursement Date must be prior to 02/01/2023	The expected first disbursement date is on or around May 1, 2023.		
Expected Project Completion Date must be prior to 02/01/2025	The project completion date listed in the development timeline is 9/1/2024.		
Total Development Cost Per Unit is Greater than or equal to 190,000 (if greater than \$250,000 per unit, third party justification required in project documents)	See detailed scope of work provided in Exhibit 4.		
Variance Items			
Variance Name	Explanation		
No Data Found			
SAVE			

All the items listed under the Validation Items heading fall outside of the FHLBank Indianapolis guidelines and must be addressed. To respond you will simply provide an explanation as to why you are outside of the guideline in the explanation box. Once you have answered all validation items hit save to clear them.

Now you must approve the certification. To do this you can either select the red Approve Certification warning message or click on the Certification button at the bottom of the screen. The certification spells out the terms and conditions you are agreeing to by submitting your AHP application. You must check the Accept Terms and Conditions box and save to continue.

Once you have completed this step you are ready to submit the application to your member financial institution and will do this by selecting the Send to Member Bank button.

Section 11 – Member Review and Sponsor Response to Returned Items

Once the sponsor has completed and submitted the application it will move onto the member for review and approval. It will appear in the members My Tasks and My Applications toolbars under Application Submission and View InProcess Applications. You can click on either link, and then click on the applicable application number that appears, to begin the review of the application.

The member review process is fairly simple. The application will already be completed and supporting documentation uploaded. In fact, most of the application is grayed out and cannot be edited. As the member you will just be reviewing for accuracy, consistency, and ensuring it aligns with your understanding and knowledge of the proposed project, as well as adherence to FHLBank Indianapolis AHP guidelines. However, one thing that's different is the Review & Finalize section at the end of the application.

This page has a drop-down box to allow you to select the sponsor contact to send it back to as well as the reason for the return. Finally, the Detail Description box allows you to enter specific details as to what's missing, incomplete, or needs to be corrected. Once you have completed this part you will hit the send button in the Return to Sponsor pop-up and it will be sent. The application will no longer be reflected in the My Tasks or My Applications screens on the main home page because it is now sitting with the sponsor.

When the sponsor logs back into the system they will see an Unsubmitted Application pop up under the My Tasks toolbar on the main home page. Click on the unsubmitted application and then select the application number that follows. Go to the Review & Finalize section of the application and the reason for the return and description will be detailed. Respond by attaching the missing or incomplete items and provide an explanation. After saving you will go back to the Review & Finalize section of the application and select Send to Member Bank. The application will no longer appear in the My Tasks toolbar of your home page as it will now be with the member.

When the member logs back in they will see an unsubmitted application in the My Tasks toolbar of the main home page. Click on that and the application number that follows. Locate the missing/incomplete items specified in the return to sponsor correspondence. Once you have reviewed and approved, click on the Approve Certification button, accept the terms and conditions, and submit to the FHLBank Indianapolis. The application is now complete and ready for review by FHLBank Indianapolis staff.
