Second Quarter 2012 Highlights

The Enterprises' Completed Foreclosure Prevention Actions:

- The Enterprises completed approximately 129,000 foreclosure prevention actions in the second quarter, bringing the total to nearly 2.4 million since the start of conservatorship in September 2008. Over 2 million of these actions have helped borrowers keep their homes including 1.2 million permanent loan modifications.
- Nearly half of troubled borrowers who received loan modifications in the second quarter had their monthly payments reduced by more than 30 percent.
- Approximately 29 percent of loan modifications completed in the second quarter included principal forbearance.
- The performance of modified loans remains strong. Fewer than 15 percent of loans modified in the third quarter of 2011 had missed two or more payments, nine months after modification.

The Enterprises' Mortgage Performance:

- Serious delinquency rates continued to decline. However, the percentage of loans that have missed one or two monthly payments increased during the second quarter.
- The Enterprises' delinquent loan count has declined by 11 percent year-to-date, however in certain states the number of loans that have been delinquent for one year or more has increased substantially over the past six months.

The Enterprises' Foreclosures:

- Foreclosure starts and foreclosure sales decreased in the second quarter.
- REO inventory declined for the seventh consecutive quarter as property dispositions continue to outpace property acquisitions in the second quarter.

Loan Modification Programs - Status Update

Home Affordable Modification Program (HAMP)

- Announced March 4, 2009.
- Allows a borrower's payment to be reduced to an affordable amount through an interest rate reduction (down to 2 percent), a term extension (up to 480 months), or principal forbearance. Incentives are being offered to borrowers, servicers, and investors for program participation and a successful payment history.
- Approximately 984,300 homeowners have been offered a HAMP trial modification since the program started in April 2009. Nearly 531,500 of these homeowners have been granted HAMP permanent modifications.
- About 11,100 HAMP trials became permanent modifications in the second quarter, bringing the total number of active HAMP permanent modifications to approximately 424,900.
- Approximately 31,000 borrowers were in a HAMP trial modification period at the end of the guarter.

Non-HAMP Modifications

- Non-HAMP modifications accounted for 54 percent of permanent loan modifications in the second quarter.
- Nearly 27,300 borrowers received permanent loan modifications through the Enterprises' proprietary modification programs in the second quarter, bringing the total number of non-HAMP permanent modifications to approximately 522,700 since October 2009.

Foreclosure Prevention Activity: All Actions Completed

The Enterprises completed approximately 129,000 foreclosure prevention actions in the second quarter, bringing the year-to-date total to 275,100. The vast majority of these actions allowed troubled homeowners to save their homes, including more than 110,800 permanent loan modifications year-to-date.

¹ Consists of HomeSaver Advance (Fannie Mae) and Charge-offs-in-lieu.

² Include loans that were 30+ days delinquent at initiation of the plan. In addition, the completed forbearance plans data have been revised to exclude HAMP.

Foreclosure Prevention Activity: Home Retention Actions

Nearly 50,500 loan modifications were completed in the second quarter, bringing the total number of permanent modifications year-to-date to approximately 110,800. In addition, the Enterprises completed more than 36,300 repayment plans and nearly 5,400 forbearance plans to help delinquent borrowers cure their mortgage arrears during the quarter.

Enterprises' Loan Modifications

Principal forbearance has become an important part of loan modifications. Approximately 29 percent of borrowers who received loan modifications in the second quarter had portions of their mortgage balance forborne.

The performance of modified loans remains strong. As of June 30, 2012, fewer than 15 percent of loans modified in the third quarter of 2011 had missed two or more payments, nine months after modification.

Foreclosure Prevention Activity: Home Forfeiture Actions

Short sales and deeds-in-lieu increased 6 percent in the second quarter, bringing the total to nearly 375,500 since the start of conservatorship in September 2008. The Enterprises continue to offer short sales and deeds-in-lieu as options for borrowers who can no longer afford their mortgages to avoid going through the foreclosure process. These foreclosure alternatives help to reduce the severity of losses resulting from a borrower's default and minimize the impact of foreclosures on borrowers, communities, and neighborhoods.

Foreclosures

The Enterprises' foreclosure starts decreased 18 percent while third-party sales and foreclosure sales declined 10 percent in the second quarter of 2012.

Real Estate Owned (REO) Activity & Inventory

The Enterprises' REO inventory declined 6 percent in the second quarter as property dispositions continue to outpace property acquisitions.

Select Midwest states are Illinois, Indiana, Michigan and Ohio

State Level Data

Delinquent Loans by State

A substantial number of the Enterprises' delinquent borrowers are deeply (365+ days) delinquent. At the end of the second quarter, more than half of the serious delinquent (90+ days delinquent) borrowers have missed more than one year of mortgage payments. In Florida, the number of loans that have been delinquent for one year or more exceeds the total number of delinquent loans in each individual state.

^{*} Includes other loans that cannot be categorized due to missing attributes.

^{**} Consists of Guam, Puerto Rico, Virgin Islands and other loans for which data are not available.

¹ The number of foreclosure prevention actions reported in this table may not tie to the Enterprises' financial statements due to timing differences in reporting systems.

² Forbearance plans initiated include HAMP trials initiated by servicers under the MHA program. In addition, starting in August, forbearance plans initiated include Fannie Mae's HomeSaver forbearance plans. HAMP trial modifications are based on the first trial payment posted date. HAMP permanent modifications are based on the effective date of modification. As of June 30, 2012, Fannie Mae had completed approximately 259,000 HAMP permanent modifications and Freddie Mac had completed nearly 166,000 HAMP permanent modifications.

³ Includes loans that were 30+ days delinquent at initiation of the plan. In addition, the completed forbearance plans data have been revised to exclude HAMP.

Since the first full quarter in conservatorship (4Q08). The state level data for repayment plans and forbearance plans are not available for 1Q08 and 2009.
 Consists of HomeSaver Advance (Fannie Mae) and Charge-offs-in-lieu.
 Consists of Guam, Puerto Rico, Virgin Islands and other loans for which data are not available.

FHFA produces monthly and quarterly versions of the Foreclosure Prevention & Refinance Report. In addition to the data provided in the monthly reports, the quarterly reports include the following information: MHA program updates; benchmarking of the Enterprises' delinquency rates; the type and depth of loan modifications; and the performance of modified loans.

Glossary

Data and definitions in this report have been revised relative to prior versions of the report. FHFA continues to work with the Enterprises to improve the comparability of reported data.

Section 1: Mortgage Performance

Total Loans Serviced - Total conventional active book of business, excluding loans that were liquidated during the month.

Current and Performing - Loans that are making timely payments and are 0 months delinquent as of the reporting month.

Total Delinquent Loans - Loans that are at least one payment past due, i.e., total servicing *minus* current and performing.

30-59 Days Delinquent - Includes loans that are only one payment delinquent.

60-89 Days Delinquent - Includes loans that are only two payments delinquent.

60-plus-days Delinquent - Loans that are two or more payments delinquent, including loans in relief, in the process of foreclosure, or in the process of bankruptcy, i.e., total servicing *minus* current and performing, and 30 to 59 days delinquent loans. Our calculation may exclude loans in bankruptcy process that are less than 60 days delinquent.

Serious Delinquency - All loans in the process of foreclosure *plus* loans that are three or more payments delinquent (including loans in the process of bankruptcy).

In Bankruptcy - Loans in the process of bankruptcy; includes all delinquency status.

Section 2: Completed Foreclosure Prevention Actions

Home Retention Actions - Repayment plans, forbearance plans, charge-offs in lieu of foreclosure, Home Saver Advances, and loan modifications. Home retention actions allow borrowers to retain ownership/occupancy of their homes while attempting to return loans to current and performing status.

Repayment Plans - An agreement between the servicer and a borrower that gives the borrower a defined period of time to reinstate the mortgage by paying normal regular payments plus an additional agreed upon amount in repayment of the delinquency.

Forbearance Plans - An agreement between the servicer and the borrower (or estate) to reduce or suspend monthly payments for a defined period of time after which borrower resumes regular monthly payments and pays additional money toward the delinquency to bring the account current or works with the servicer to identify a permanent solution, such as loan modification or short sale, to address the delinquency.

Charge-offs-in-lieu of Foreclosure - A delinquent loan for which collection efforts or legal actions against the borrower are agreed to be not in the Enterprises' best interests (because of reduced property value, a low outstanding mortgage balance, or presence of certain environmental hazards). The servicer charges off the mortgage debt rather than completing foreclosure and taking the property title. The borrower retains the property. The unpaid mortgage balance becomes a lien on the borrower's property, which must be satisfied when the borrower transfers ownership.

HomeSaver Advance (Fannie Mae) - An unsecured personal loan to a qualified borrower to cure his or her payment defaults under a mortgage loan the Enterprises own or guarantee. The borrower must be able to resume regular monthly payments on his or her mortgage.

Loan Modifications - Number of modified, renegotiated, or restructured loans, regardless of performance-to-date under the plan during the month. Terms of the contract between the borrower and the lender are altered with the aim of curing the delinquency (30 days or more past due).

Nonforeclosure-Home Forfeiture Actions- Short sales and deeds-in-lieu of foreclosure. These actions require borrowers to give up their homes. Although homes are forfeited, foreclosure alternatives generally have less adverse impact on borrowers and their credit reports than foreclosure.

Short Sales - A short sale (also called a preforeclosure sale) is the sale of a mortgaged property at a price that nets less than the total amount due on the mortgage (e.g., the sum of the unpaid principal balance, accrued interest, advanced escrows, late fees, and delinquency charges.) The servicer and borrower negotiate payment of the difference between the net sales price and the total amount due on the mortgage.

Deed(s)-in-lieu of Foreclosure - A loan for which the borrower voluntarily conveys the property to the lender to avoid a foreclosure proceeding.

Section 3: Loan Modifications

Increase - Principal and interest after modification is higher than before the modification. No Increase - Original principal and interest is unchanged after the modifications. Decrease <=20% - Original principal and interest is decreased by 20 percent or less after modification.

Decrease >20% - Original principal and interest is decreased by more than 20 percent after modification.

Extend Term Only - Remaining term of the loan is longer after modification.

Reduce Rate Only - Loan's rate is lower after modification.

Reduce Rate and Extend Term - Loan's rate reduced and term extended.

Reduce Rate, Extend Term, and Forbear Principal - Modification includes term extension, rate reduction, and forbearance of principal.

Other - A modification that does not fit in any of the above categories. The majority of these loans are capitalized modifications.

Section 4: Third-party Sales and Foreclosures

Third-party Sales - A third party entity purchases the property at the foreclosure sale/auction above the initial bid set forth by Fannie Mae or Freddie Mac.

Foreclosure Starts - The total number of loans referred to an attorney to initiate the legal process of foreclosure during the month. These are loans measured as not being in foreclosure in the previous month but referred to foreclosure in the current month.

Foreclosure Sales - The number of loans that went to foreclosure (sheriff's) sale during the month.
