**Note, this information is always subject to change as requirements emerge over the year. The information is based on budget information and an FHFA Contracting Officer's best assessment of competitive opportunities over Fiscal Year 2026 (Fiscal Year quarters begin October 1, 2025 through September 30, 2026).**

**Estimated Award Amount**

SAT = Simplified Acquisition Threshold. The current SAT is \$350,000.

**Acquisition Strategy**

If possible, award will be made under a General Services Administration (GSA) Schedule or Governmentwide Acquisition Contract (GWAC), such as NASA's Solutions for Enterprise-Wide Procurement (SEWP). GSA Schedules, NASA SEWP, and other GWACs allow FHFA to compete requirements amongst small businesses and other qualified vendor sources.

Open market requirements will be advertised in the Contract Opportunities section on SAM.gov as required by the Competition in Contracting Act.

**Program Office Clients with Potential Competitive Requirements:**

**DBR** = Division of Bank Regulation; **DHMG** = Division of Housing Mission and Goals; **OCAC** = Office of Congressional Affairs and Communications; **OCFO** = Office of the Chief Financial Officer; **OCIO** = Office of the Chief Information Officer; **OCOO** = Office of the Chief Operating Officer; **OFOM** = Office of Facilities Operations Management; **OGC** = Office of General Counsel; **OHRM** = Office of Human Resources Management
