The Honorable Christopher Dodd
Chairman
Committee on Banking, Housing,
and Urban Affairs
United States Senate
Washington, DC 20510

Dear Chairman Dodd:

I am transmitting the Federal Housing Finance Agency's (FHFA) Federal Property Manager's report in accordance with Section 110 of the Emergency Economic Stabilization Act of 2008 (EESA), titled *Assistance to Homeowners*. Section 110 of EESA directs Federal Property Managers (FPM) to develop and implement plans to maximize assistance for homeowners and encourage servicers of underlying mortgages to take advantage of programs to minimize foreclosures. FHFA is a designated FPM in its role as conservator for Fannie Mae and Freddie Mac. Each FPM is also required to report to Congress the number and types of loan modifications and the number of foreclosures during the reporting period.

Reducing conservatorship losses by preventing avoidable foreclosures through loan modification and mortgage refinances remains a top priority at FHFA. We continue to update, elaborate and expand FHFA's plan to maximize assistance for homeowners and minimize preventable foreclosures consistent with the intent of EESA.

Sincerely,

Peter Brereton
Associate Director for Congressional Affairs

Third Quarter Highlights

Making Home Affordable Program (The Enterprises):

- HAMP permanent modifications increased during the third quarter to nearly 260,000. However, the pace of growth in HAMP modifications has declined this quarter, growing by 35,400 compared to 88,600 in the second quarter. Approximately 88,200 borrowers were in a HAMP trial period at the end of the quarter, compared to 202,400 at the end of the second quarter.
- The Enterprises' cumulative HARP refinance volume increased 26 percent during the third quarter to nearly 479,900.

The Enterprises' Completed Foreclosure Prevention Actions:

- Completed foreclosure prevention actions decreased 16 percent in the third quarter to approximately 227,300, driven primarily by decreases in loan modifications and repayment plans.
- Loan modifications declined 14 percent to 146,500 during the quarter with the majority of modifications completed through non-HAMP programs.
- More than half of completed loan modifications in the third quarter lowered borrowers' monthly payments by over 30 percent.
- Loans modified in the last three quarters are performing substantially better compared to loans modified in earlier periods. Less than 10 percent of loans modified in the last three quarters were 60-plus-days delinquent three months after modifications.
- The number of completed repayment plans and forbearance plans also declined during the quarter.
- Short sales and deeds-in-lieu remained steady during the quarter.
- Since the first full quarter in conservatorship (4Q08), combined completed foreclosure prevention actions total 1,240,982.

The Enterprises' Mortgage Performance:

- Loans that are only one month delinquent increased by 17,600 loans or 2.7 percent during the third quarter to approximately 682,000.
- Loans 60-plus-days delinquent declined for the third consecutive quarter. The 60-plus-days delinquent loans decreased by 109,700 loans, or 6.8 percent during the third quarter to approximately 1.5 million.

The Enterprises' Foreclosures:

- Foreclosure starts, and completed third-party and foreclosure sales increased 23 percent in the third quarter to nearly 339,000 and 138,100, respectively.

Making Home Affordable Program - Status Update

Home Affordable Modification Program (HAMP)

- Announced March 4, 2009.
- Allows a borrower's payment to be reduced to an affordable amount through an interest rate reduction (down to 2 percent), a term extension (up to 480 months), or principal forbearance. Incentives are being offered to borrowers, servicers, and investors for program participation and a successful payment history.
- Nearly 35,400 HAMP trials transitioned to permanent modifications during the third quarter, bringing the total number of active HAMP permanent modifications to nearly 260,000.
- Approximately 88,200 borrowers were in a HAMP trial period at the end of the quarter, down from nearly 202,400 at the end of the second quarter. The sharp decline was due to conversions to permanent modifications, cancellations as a result of missed payments and inadequate documentation, and declining intake into trial modifications. Starting in June 2010, the HAMP eligibility requirements were changed to include verification of income documentation at the beginning of the process.

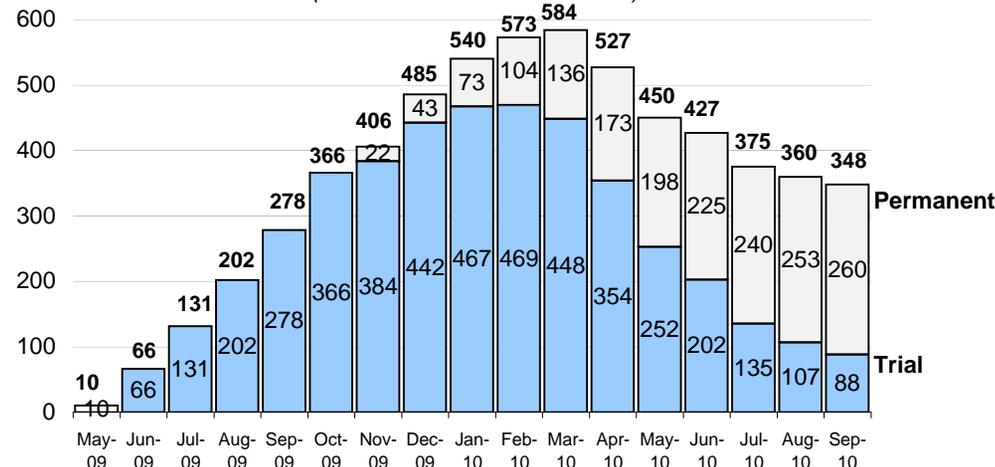

Home Affordable Refinance Program (HARP)

- Announced March 4, 2009.
- Allows existing Enterprise borrowers who are current on their mortgage payments to refinance and reduce their monthly mortgage payments at loan-to-value ratios up to 125 percent without new mortgage insurance.
- The monthly HARP volume grew sharply in September, however the HARP percentage of total refinances remained flat at 11 percent.

* HAMP trial modifications are based on the first trial payment posted date. HAMP permanent modifications are based on the effective date of modification.

¹ Since the first full quarter in conservatorship (4Q08).

Foreclosure Prevention Activity: All Actions Completed

The Enterprises' completed foreclosure prevention activity decreased in the third quarter driven primarily by decreases in loan modifications and repayment plans. Loan modifications continue to account for the majority of foreclosure prevention actions completed during the quarter. Since the fourth quarter of 2008, the first full quarter in which the Enterprises were in conservatorship, completed foreclosure prevention actions total 1,240,982.

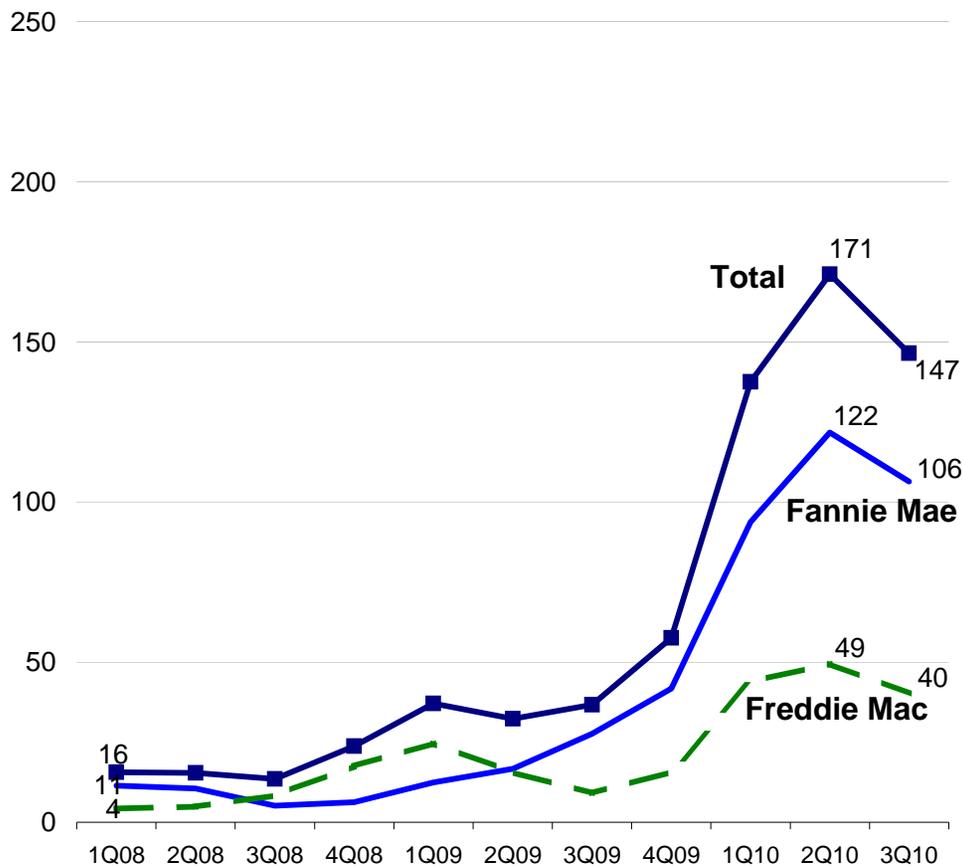

¹ Consists of HomeSaver Advance (Fannie Mae) and Charge-offs in lieu.

² Include loans that were 30+ days delinquent at initiation of the plan. In addition, the completed forbearance plans data has been revised to exclude HAMP.

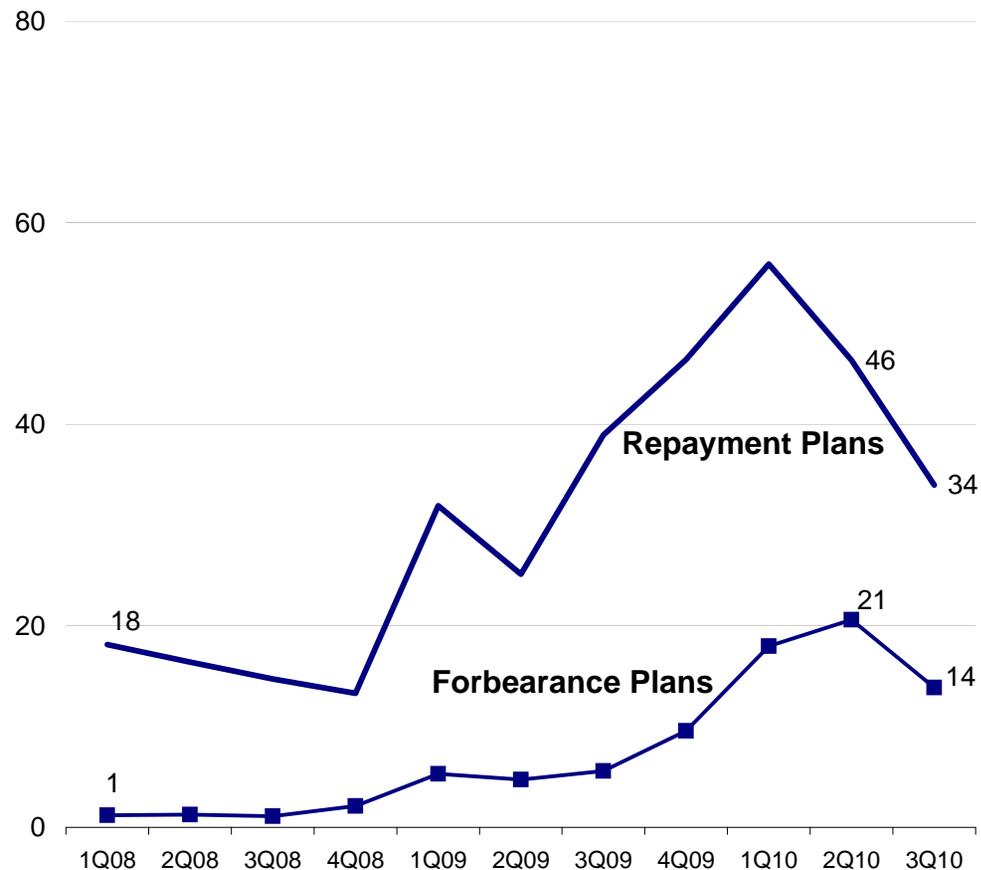

Foreclosure Prevention Activity: Home Retention Actions

The Enterprises' completed loan modifications decreased 14 percent to nearly 146,500 during the third quarter with the majority of modifications completed through non-HAMP programs. In addition, the Enterprises completed nearly 34,000 and 13,900 repayment plans and forbearance plans respectively.

Enterprises' Loan Modifications

Loans modified in the last three quarters are performing substantially better three months after modification, compared to loans modified in earlier periods. The performance of modified loans is driven by size of payment reduction in the borrowers' monthly payments. More than half of the borrowers that received loan modifications in the third quarter of 2010 had their monthly payments lowered by over 30 percent.

Foreclosure Prevention Activity: Home Forfeiture Actions

Short sales and deeds-in-lieu of foreclosure increased slightly during the third quarter as the Enterprises continue to utilize these foreclosure alternatives to reduce foreclosure-related costs and to minimize the impact of foreclosures on borrowers, communities and neighborhoods.

Refinance Activity

Refinance volume rose sharply in September in response to a five month decrease in mortgage rates between April and August to historic low levels.

- A - Highest rate in 2008 for a 30-year mortgage
- B - GSEs placed into conservatorship on 09/06/08
- C - Fed announces MBS purchase program on 11/25/08
- D - Obama Administration's Making Homes Affordable announcement 02/20/09

- E - Treasury rates sharply rose and reached a 2009 high on a better than expected unemployment report in June.
- F - Treasury rates fell sharply after Dubai sought to delay sovereign debt payments.
- G - Treasury rates rose on optimism of a recovering U.S. economy and a temporary lull in news of a developing debt crisis in Europe.

Refinance Activity

Fannie Mae and Freddie Mac refinanced nearly 479,900 loans through the HARP program through September 2010.

HARP Refinance Loans are defined as Fannie Mae to Fannie Mae and Freddie Mac to Freddie Mac first lien refinance loans with limited and no cash out that are owner occupied with LTV's over 80 to 125.

All Other Streamlined Refis are streamlined refinances that do not qualify as HARP refinances. Fannie Mae implements streamlined refinances through the Refi Plus product for manual underwriting and DU Refi Plus product for loans underwritten through Desktop Underwriter. The product is available for refinances of existing Fannie Mae loans only. Freddie Mac implements streamlined refinances through the Relief Refinance Mortgage product. Loans may be originated by any Freddie Mac approved servicer.

¹Inception to Date - Since April 1, 2009

Foreclosures

The Enterprises' foreclosure starts, and completed third-party and foreclosure sales continued to increase during the third quarter.

¹ The number of foreclosure prevention actions reported in this table may not tie to the Enterprises' financial statements due to timing differences in reporting systems.

² Forbearance plans initiated include HAMP trials initiated by servicers under the MHA program. In addition, starting in August, forbearance plans initiated include Fannie Mae's HomeSaver forbearance plans. HAMP trial modifications are based on the first trial payment posted date. HAMP permanent modifications are based on the effective date of modification. As of September 30, 2010, Fannie Mae had completed nearly 158,800 HAMP permanent modifications and Freddie Mac had completed approximately 101,200 HAMP permanent modifications.

³ Includes loans that were 30+ days delinquent at initiation of the plan. In addition, the completed forbearance plans data has been revised to exclude HAMP.

Notes:

HARP Refinance Loans are defined as Fannie Mae to Fannie Mae and Freddie Mac to Freddie Mac first lien refinance loans with limited and no cash out that are owner-occupied with LTVs between 80% and 125%.

All Other Streamlined Refis are streamlined refinances that do not qualify as HARP (LTVs between 80% and 125%) refinances. Fannie Mae implements streamlined refinances through the Refi Plus product for manual underwriting and DU Refi Plus product for loans underwritten through Desktop Underwriter. The product is available for refinances of existing Fannie Mae loans only. Freddie Mac implements streamlined refinances through the Relief Refinance Mortgage product. Loans may be originated by any Freddie Mac approved servicer.

FHFA produces monthly and quarterly versions of the Foreclosure Prevention & Refinance Report. In addition to the data provided in the monthly reports, the quarterly reports include the following information: MHA program updates; benchmarking of the Enterprises' delinquency rates; the type and depth of loan modifications; and the performance of modified loans.

Glossary

Data and definitions in this report have been revised relative to prior versions of the report. FHFA continues to work with the Enterprises to improve the comparability of reported data.

Section 1: Mortgage Performance

Total Loans Serviced -Total conventional active book of business, excluding loans that were liquidated during the month.

Current and Performing - Loans that are making timely payments and are 0 months delinquent as of the reporting month.

Total Delinquent Loans -Loans that are at least one payment past due, i.e., total servicing *minus* current and performing.

30-59 Days Delinquent -Includes loans that are only one payment delinquent.

60-89 Days Delinquent - Includes loans that are only two payments delinquent.

60-plus-days Delinquent -Loans that are two or more payments delinquent, including loans in relief, in the process of foreclosure, or in the process of bankruptcy, i.e., total servicing *minus* current and performing, and 30 to 59 days delinquent loans. Our calculation may exclude loans in bankruptcy process that are less than 60 days delinquent.

Serious Delinquency -All loans in the process of foreclosure *plus* loans that are three or more payments delinquent (including loans in the process of bankruptcy).

In Bankruptcy -Loans in the process of bankruptcy; includes all delinquency status.

Section 2: Completed Foreclosure Prevention Actions

Home Retention Actions - Repayment plans, forbearance plans, charge-offs in lieu of foreclosure, Home Saver Advances, and loan modifications. Home retention actions allow borrowers to retain ownership/occupancy of their homes while attempting to return loans to current and performing status.

Repayment Plans -An agreement between the servicer and a borrower that gives the borrower a defined period of time to reinstate the mortgage by paying normal regular payments plus an additional agreed upon amount in repayment of the delinquency.

Forbearance Plans - An agreement between the servicer and the borrower (or estate) to reduce or suspend monthly payments for a defined period of time after which borrower resumes regular monthly payments and pays additional money toward the delinquency to bring the account current or works with the servicer to identify a permanent solution, such as loan modification or short sale, to address the delinquency.

Charge-offs in Lieu of Foreclosure -A delinquent loan for which collection efforts or legal actions against the borrower are agreed to be not in the Enterprises' best interests (because of reduced property value, a low outstanding mortgage balance, or presence of certain environmental hazards). The servicer charges off the mortgage debt rather than completing foreclosure and taking the property title. The borrower retains the property. The unpaid mortgage balance becomes a lien on the borrower's property, which must be satisfied when the borrower transfers ownership.

HomeSaver Advance (Fannie Mae) -An unsecured personal loan to a qualified borrower to cure his or her payment defaults under a mortgage loan the Enterprises own or guarantee. The borrower must be able to resume regular monthly payments on his or her mortgage.

Loan Modifications - Number of modified, renegotiated, or restructured loans, regardless of performance-to-date under the plan during the month. Terms of the contract between the borrower and the lender are altered with the aim of curing the delinquency (30 days or more past due).

Nonforeclosure-Home Forfeiture Actions- Short sales and deeds-in-lieu of foreclosure. These actions require borrowers to give up their homes. Although homes are forfeited, foreclosure alternatives generally have less adverse impact on borrowers and their credit reports than foreclosure.

Short Sales -A short sale (also called a preforeclosure sale) is the sale of a mortgaged property at a price that nets less than the total amount due on the mortgage (e.g., the sum of the unpaid principal balance, accrued interest, advanced escrows, late fees, and delinquency charges.) The servicer and borrower negotiate payment of the difference between the net sales price and the total amount due on the mortgage.

Deed(s)-in-lieu of Foreclosure -A loan for which the borrower voluntarily conveys the property to the lender to avoid a foreclosure proceeding.

Section 3: Loan Modifications

Increase - Principal and interest after modification is higher than before the modification.

No Increase - Original principal and interest is unchanged after the modifications.

Decrease <=20% -Original principal and interest is decreased by 20 percent or less after modification.

Decrease >20% - Original principal and interest is decreased by more than 20 percent after modification.

Extend Term Only -Remaining term of the loan is longer after modification.

Reduce Rate Only -Loan's rate is lower after modification.

Extend Term and Reduce Rate -Loan's rate reduced and term extended.

Extend Term, Rate Reduction, and Forbear Principal -Modification includes term extension, rate reduction, and forbearance of principal.

Other -A modification that does not fit in any of the above categories. The majority of these loans are capitalized modifications.

Section 4: Third-party Sales and Foreclosures

Third-party Sales -A third party entity purchases the property at the foreclosure sale/auction above the initial bid set forth by Fannie Mae or Freddie Mac.

Foreclosure Starts -The total number of loans referred to an attorney to initiate the legal process of foreclosure during the month. These are loans measured as not being in foreclosure in the previous month but referred to foreclosure in the current month.

Foreclosure Sales - The number of loans that went to foreclosure (sheriff's) sale during the month.
