Docket No. FHFA-2025-0105-0001
2026-2028 Enterprise Housing Goals
Submitted by: Max D. Thrash

I support the FHFA's proposed 2026-2028 Enterprise Housing Goals because they promote affordable housing and financial stability for families in need. Expanding access to homeownership and affordable rentals can strengthen communities and reduce inequality. I believe these goals balance social impact with financial responsibility by helping Fannie Mae and Freddie Mac remain stable while serving the public. As a college student studying aviation management, I see how housing stability supports education, careers, and overall quality of life. Thank you for considering my comment and for continuing to make housing more accessible to all Americans.

Warm Regards,
