## Fourth Quarter 2011 Highlights

## The Enterprises' Completed Foreclosure Prevention Actions:

- The Enterprises have completed more than 2.1 million foreclosure prevention actions since the start of conservatorship in September 2008. Nearly 1.1 million of these actions have been permanent loan modifications.
- Approximately half of all borrowers who received loan modifications in the fourth quarter had their monthly payments reduced by over 30 percent.
- Approximately one-third of loan modifications in the fourth quarter included principal forbearance.
- For Enterprise loans modified in the four quarters ended on March 31, 2011, fewer than 17 percent of the loans had missed two or more payments after nine months.

## The Enterprises' Mortgage Performance:

- Serious delinquency rates continued to decline.
- The Enterprises' serious delinquency rates remain below industry levels at the end of the fourth quarter.

## The Enterprises' Foreclosures:

- Third-party and foreclosure sales increased slightly while foreclosure starts continued to trend downward in the fourth quarter.
- REO inventory declined for the fifth consecutive quarter as property dispositions outpaced acquisitions in the fourth quarter.

## Making Home Affordable Program - Status Update

## Home Affordable Modification Program (HAMP)

- Announced March 4, 2009.
- Allows a borrower's payment to be reduced to an affordable amount through an interest rate reduction (down to 2 percent), a term extension (up to 480 months), or principal forbearance. Incentives are being offered to borrowers, servicers, and investors for program participation and a successful payment history.
- About 19,500 HAMP trials became permanent modifications in the fourth quarter, bringing the total number of active HAMP permanent modifications to approximately 400,000.
- Nearly 36,400 borrowers were in a HAMP trial period at the end of the quarter, down from 42,300 at the end of the third quarter. The decline was due to conversions to permanent modifications.

## Home Affordable Refinance Program (HARP)

- Initial HARP announced March 4, 2009.
- Allows borrowers with loans sold to the Enterprises on or before May 31, 2009 with loan-to-value (LTV) ratios over 80 percent who are current on their mortgage payments, to refinance and reduce their monthly mortgage payments without new mortgage insurance.
- Changes to HARP announced October 24, 2011:
www.fhfa.gov/webfiles/22721/HARP_release_102411_Final.pdf
- Program enhancements to attract more eligible homeowners and remove potential impediments. Among other changes, the program end date is extended until December 31, 2013, and there is no longer a maximum LTV limit for borrower eligibility.
- The Enterprises' cumulative HARP refinancings increased 10 percent during the fourth quarter to over 1,021,800 loans.
- Monthly HARP volume grew in the fourth quarter as interest rates decreased to new historic lows. However, the HARP percentage of total refinance volume was slightly lower than the previous quarter.

## Foreclosure Prevention Activity: Home Forfeiture Actions

Short sales and deeds-in-lieu of foreclosure increased 13 percent to nearly 34,900 in the fourth quarter. The Enterprises continue to offer short sales and deeds-in-lieu as options for borrowers who can no longer afford their mortgages to avoid going through the foreclosure process. These foreclosure alternatives help to reduce the severity of losses resulting from a borrower's default and minimize the impact of foreclosures on borrowers, communities, and neighborhoods.

## Refinance Activity

Refinance volume continued to grow in December as mortgage rates steadily fell to new historic lows.

## Refinance Activity

Fannie Mae and Freddie Mac refinanced over 1,021,800 loans through HARP through December 2011.

Initially HARP Refinance Loans were defined as Fannie Mae to Fannie Mae and Freddie Mac to Freddie Mac first-lien refinance loans with limited and no cash out that are owner-occupied with loan-to-value ratios over 80 percent up to 125 percent.

HARP 2.0: On October 24, 2011, FHFA, Fannie Mae and Freddie Mac announced HARP changes to reach more borrowers. Effective December 1, 2011, existing Enterprise borrowers who are current on their mortgage payments can refinance and reduce their monthly mortgage payments at loan-tovalue ratios above 80 percent without any maximum loan-to-value limit.

All Other Streamlined Refis are streamlined refinances that do not qualify as HARP refinances. Fannie Mae implements streamlined refinances through the Refi Plus product for manual underwriting and DU Refi Plus product for loans underwritten through Desktop Underwriter. The product is available for refinances of existing Fannie Mae loans only. Freddie Mac implements streamlined refinances through the Relief Refinance Mortgage product. Loans may be originated by any Freddie Mac approved servicer.

FHFA produces monthly and quarterly versions of the Foreclosure Prevention \& Refinance Report. In addition to the data provided in the monthly reports, the quarterly reports include the following information: MHA program updates; benchmarking of the Enterprises' delinquency rates; the type and depth of loan modifications; and the performance of modified loans.

## Glossary

## Section 1: Mortgage Performance

Total Loans Serviced - Total conventional active book of business, excluding loans that were liquidated during the month
Current and Performing-Loans that are making timely payments and are 0 months delinquent as of the reporting month.
Total Delinquent Loans - Loans that are at least one payment past due, i.e., total servicing minus current and performing.
30-59 Days Delinquent - Includes loans that are only one payment delinquent.
60-89 Days Delinquent - Includes loans that are only two payments delinquent.
60-plus-days Delinquent - Loans that are two or more payments delinquent, including loans in relief, in the process of foreclosure, or in the process of bankruptcy, i.e., total servicing minus current and performing, and 30 to 59 days delinquent loans. Our calculation may exclude loans in bankruptcy process that are less than 60 days delinquent.
Serious Delinquency - All loans in the process of foreclosure plus loans that are three or more payments delinquent (including loans in the process of bankruptcy).
In Bankruptcy - Loans in the process of bankruptcy; includes all delinquency status.

## Section 2: Completed Foreclosure Prevention Actions

Home Retention Actions - Repayment plans, forbearance plans, charge-offs in lieu of foreclosure, Home Saver Advances, and Ioan modifications. Home retention actions allow borrowers to retain ownership/ occupancy of their homes while attempting to return loans to current and performing status.
Repayment Plans - An agreement between the servicer and a borrower that gives the borrower a defined period of time to reinstate the mortgage by paying normal regular payments plus an additional agreed upon amount in repayment of the delinquency.
Forbearance Plans - An agreement between the servicer and the borrower (or estate) to reduce or suspend monthly payments for a defined period of time after which borrower resumes regular monthly payments and pays additional money toward the delinquency to bring the account current or works with the servicer to identify a permanent solution, such as loan modification or short sale, to address the delinquency.
Charge-offs in Lieu of Foreclosure - A delinquent Ioan for which collection efforts or legal actions against the borrower are agreed to be not in the Enterprises' best interests (because of reduced property value, a low outstanding mortgage balance, or presence of certain environmental hazards). The servicer charges off the mortgage debt rather than completing foreclosure and taking the property title. The borrower retains the property. The unpaid mortgage balance becomes a lien on the borrower's property, which must be satisfied when the borrower transfers ownership.
HomeSaver Advance (Fannie Mae) - An unsecured personal loan to a qualified borrower to cure his or her payment defaults under a mortgage loan the Enterprises own or guarantee. The borrower must be able to resume regular monthly payments on his or her mortgage.

Loan Modifications - Number of modified, renegotiated, or restructured loans, regardless of performance-to-date under the plan during the month. Terms of the contract between the borrower and the lender are altered with the aim of curing the delinquency ( 30 days or more past due).
Nonforeclosure-Home Forfeiture Actions- Short sales and deeds-in-lieu of foreclosure. These actions require borrowers to give up their homes. Although homes are forfeited, foreclosure alternatives generally have less adverse impact on borrowers and their credit reports than foreclosure.
Short Sales - A short sale (also called a preforeclosure sale) is the sale of a mortgaged property at a price that nets less than the total amount due on the mortgage (e.g., the sum of the unpaid principal balance, accrued interest, advanced escrows, late fees, and delinquency charges. ) The servicer and borrower negotiate payment of the difference between the net sales price and the total amount due on the mortgage.
Deed(s)-in-lieu of Foreclosure - A loan for which the borrower voluntarily conveys the property to the lender to avoid a foreclosure proceeding.

## Section 3: Loan Modifications

Increase - Principal and interest after modification is higher than before the modification. No Increase - Original principal and interest is unchanged after the modifications.
Decrease $<=\mathbf{2 0} \%$ - Original principal and interest is decreased by 20 percent or less after modification.
Decrease $\mathbf{> 2 0 \%}$ - Original principal and interest is decreased by more than 20 percent after modification.
Extend Term Only - Remaining term of the loan is longer after modification.
Reduce Rate Only - Loan's rate is lower after modification.
Extend Term and Reduce Rate - Loan's rate reduced and term extended.
Extend Term, Rate Reduction, and Forbear Principal - Modification includes term extension, rate reduction, and forbearance of principal.
Other - A modification that does not fit in any of the above categories. The majority of these loans are capitalized modifications.

## Section 4: Third-party Sales and Foreclosures

Third-party Sales - A third party entity purchases the property at the foreclosure sale/ auction above the initial bid set forth by Fannie Mae or Freddie Mac.
Foreclosure Starts - The total number of loans referred to an attorney to initiate the legal process of foreclosure during the month. These are loans measured as not being in foreclosure in the previous month but referred to foreclosure in the current month. Foreclosure Sales - The number of loans that went to foreclosure (sheriff's) sale during the month.
