Improving Mortgages in America

National Survey of Mortgage Originations

We are conducting this survey of people who have taken out or co-signed for a mortgage loan to purchase a housing property or to refinance or modify an existing loan.

Learning directly from borrowers like you about your mortgage experiences will help us improve lending practices and the mortgage process for future borrowers like you. It is important to get the perspective of all borrowers for making government policies.

You can mail back the paper survey in the enclosed business reply envelope or complete the survey online. The online version may be easier to complete, because it skips any questions that do not apply to you. Online responses are also processed more quickly making it less likely that you will receive reminders to complete this survey. We appreciate your help either way.
